Exhibition Area

26,100+
Trade Visitors & Delegations

* Data from ALUMINIUM CHINA 2023 and concurrent Lightweight Asia, All In Wheel statistics

About ALUMINIUM CHINA

ALUMINIUM CHINA is Asia's leading aluminium industry tradeshow and B2B platform for sourcing, branding, networking and technical exchange. Building on 19 years' industry resources, we bring together new products, innovative technologies, advanced processes and future applications across the entire aluminium value chain, including raw materials, aluminium alloys, processing materials, aluminium parts, manufactured products, related machinery and consumables.

We are committed to promoting the sustainable development of the global aluminium industry and expanding business opportunities for international industry professionals via annual face-to-face trade fair, insightful conference and forums, business matchmaking meetings, online seminars, international exchange roadshows etc.

Network with 500+ Chinese and international brands covering the entire industry chain under one roof

Explore wide-ranging products & machinery, cutting-edge technology and latest innovations

Why Visit?

Get industry insights and discover future trends through high-quality conferences and featured showcases

Enjoy extra benefits from tailored business matchmaking service and factory tour activity

Exhibit Range

Aluminium Materials

- > Raw aluminium
- > Recycled aluminium
- > Semi-products and half made alloys, such as aluminium profiles, sheets, strips, foils, aluminium-plastics, casting and forging
- > Aluminium alloys
- > Primary aluminium products
- > Deep processed products, covering construction, transportation, machinery, packaging, electronics, photo-voltaic industries etc

* Partial Exhibitors

Equipment & Auxiliaries

- > Raw aluminium processing equipment
- > Extrusion & rolling equipment
- > Heat processing equipment
- > Deep processing equipment
- > Environmental protection & energy efficient equipment
- > Surface processing equipment
- > Recycled aluminium processing equipment
- > Test & measurement equipment
- > Smart manufacturing equipment
- > Refractory materials, foundry chemicals, master alloys, additives etc.
- > Other auxiliary materials & equipment

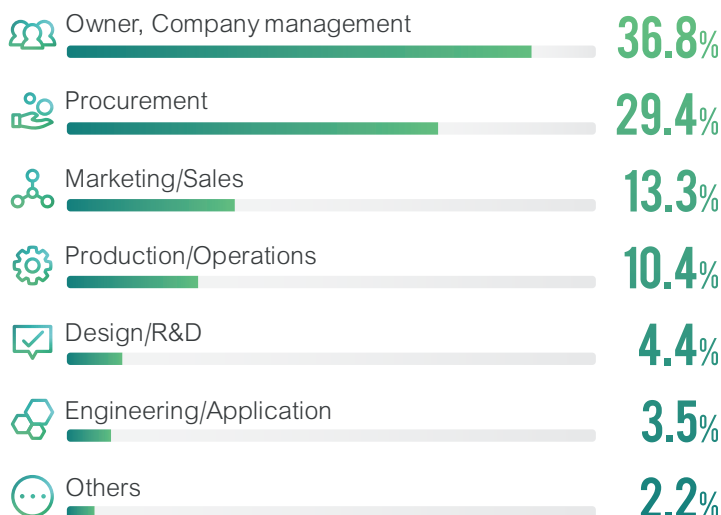

* Partial Exhibitors

Visitor Profile

- > Raw aluminium, recycled aluminium, and aluminium processing factories
- > Aluminium equipment makers
- > Aluminium traders, distributors and agents
- > Consumer electronics and white goods
- > Transportation industry players, such as auto parts makers, auto makers, rail transportation players, aerospace industry manufacturers
- > Construction industry, such as windows, doors & curtain walls, home decor, real estate developers & construction contractors, model makers
- > Packaging industry, such as aluminium-plastic packaging, aluminium foil packaging, bottles, cans packaging, end-user packaged goods companies etc.
- > New energy industry (wind, solar, light etc.), such as photovoltaic generation system makers etc.
- > Machinery makers, such as metal processing equipment and auxiliary materials suppliers
- > Other aluminium users

International Visitors Roles

Special Benefits for Pre-registered International Visitors

Free entrance to exhibition hall (Ticket price: USD50)

Value-added Chinese aluminium factory tour

Customized business matchmaking service

Free business lunch voucher for 2 days

Free access to overseas visitor lounge & Happy Hour

Additional Benefits for Group Visitor/ Delegation (10+ members)

Welcome Gift

Hotel Subsidy

Shuttle Bus

* All members are entitled to the pre-registration benefits

On-site Activities - Conference and Forum

- > The 3rd Aluminium Alloy Melting and Casting Technology Development Forum
- > The 11th Aluminium Packaging & Sustainability Forum
- > The 4th China Aluminium Recycling Industry Chain Sustainable & Integrated Development Forum
- > Aluminium Application in Consumer Electronics and Technology Development Forum 2024
- > The 5th Auto Lightweight Processing and Innovative Materials Forum-NEV Session
- > “Future Aluminium Factory” – Digitalization and Smart Factory Application Forum 2024

* Subject to adjustment

On-site Activities - Featured Pavilion

- > “Double Carbon” Display Area and Recycled Aluminium Pavilion
- > Auto Lightweight Composites Pavilion
- > Lightweight Automotive Parts Pavilion
- > Aluminium Packaging and CSR Display Area

On-site Activities - Business Matchmaking

The on-site international business matchmaking aims at simplifying the process of sourcing suppliers and facilitating both buyers and suppliers in connecting with each other precisely.

Ahead of the physical event, the organizer will collect purchasing requests from buyers and pre-selects suppliers that match buyers' interests and specifications to schedule on-site meetings for both sides, which will effectively speed up business communications and make your event participation even more productive.

On-site Activities - Factory Tour

The factory tour is a value-added activity specially designed for international attendees to visit advanced Chinese aluminium extrusion, rolling or equipment factories in person, collect up-to-date information on Chinese suppliers, observe their workshops and operation facilities and build up relationships with potential business partners.

The activity promotes networking and technical exchange and contributes to international business cooperation among aluminium industry insiders.
