

ALUMINIUM CHINA

07-09 JULY 2027

Hall E1-E7, Shanghai New International Expo Center

Asia's Premier Platform for Branding, Sourcing, and Networking across the Aluminium Industry Chain

ALUMINIUM CHINA offers a comprehensive platform for business deals, international exchange, branding, and networking. Each year, the event brings together producers, processors, and technology providers across the entire aluminium value chain—from raw material production and primary production segments to machine and plant engineering, processing technologies, semi-finished products, finished products for various application sectors, and recycling technologies.

680+
Exhibitors

65,000 sqm
Exhibition area

36,000+
Trade visitors & delegations

Exhibit Range

Aluminium Materials

- Primary aluminium
- Recycled aluminium
- Aluminium alloys
- Semi-finished products, such as aluminium profiles, sheets, belts, foils, aluminium-plastics, casting, and forging
- Deep processed product for automotive, packaging, electronics, transportation, new energy, construction, machinery and other industries

Processing Equipment & Auxiliaries

- Primary aluminium processing equipment
- Recycled aluminium processing equipment
- Heat processing equipment
- Extrusion and rolling equipment
- Surface processing equipment
- Test and measurement equipment
- Deep processing equipment
- Environmental protection and energy efficient equipment
- Smart manufacturing equipment
- Refractory materials, foundry chemicals, master alloys, additives etc.
- Other auxiliary materials and equipment
